

Commercial Insurance Notification

Commercial or Business Policy Insurance

California Vehicle Code §16058 requires electronic insurance reporting of all private-use automobile liability policies to the department and establishment of a vehicle registration suspension program. Commercial or business insurance carriers are exempt from electronic reporting. However, customers whose vehicles are covered by commercial or business policies must submit, upon initial registration or transfer of ownership, evidence of insurance and a completed Commercial Insurance Notification (REG 5085) [attached].

Commercial Insurance Notification

The Commercial Insurance Notification REG 5085 is available from supply and online at www.dmv.ca.gov. The form requires vehicle information, insurance information, signature, and customer certification. The “NAIC NUMBER” section is for the number shown on the insurance card and identifies the insurance company.

PFR/IRP Vehicles

If the vehicle is being added to an existing Permanent Fleet Registration (PFR) account, the REG 5085 does not have to be completed. Vehicles registered under the International Registration Program (IRP) do not require the REG 5085. Continue to follow current processing procedures.

Procedures

If an application for a New or Used Vehicle Report of Sale is submitted with any of the following shown on the application as registered owner(s):

- Company, Co., Co, Corporation, or Corp.
- DBA
- Incorporation, Incorporated, Inc., or Inc
- LLC (Limited Liability Corporation), Limited, LTD., or LTD
- Inform the customer that proof of insurance and a REG 5085 are required.
- Photocopy the insurance document, return original to the customer.
- Have the customer complete the REG 5085 form.
- Attach both documents to the application and submit with bundle work.

Background

Electronic reporting of insurance information and programming changes take effect October 1, 2006. The department will be able to monitor insurance coverage and take appropriate action as required by law. VR 2006-28 Insurance Program Changes provides information and procedures for insurance on original and transfer transactions for private-use vehicles.
